

# BLUEPRINT 2025

## Call to Action

Blueprint 2025 is a platform supported by a bipartisan coalition of industry and public sector leaders to promote increased infrastructure investment in the U.S. Blueprint 2025 analyzes domestic projects through a robust ranking system, identifies key issues in the U.S. market, supports projects and partners, and convenes leaders to steer projects to success.

Join our call to action and lead the change in the US infrastructure industry as a:

- 1. Blueprint Member (\$30,000):** Join a coalition of like minded infrastructure professionals to advance specific project and sector issues, including the highest visibility and access at the Blueprint 2025 2X Leadership Forum, with 4 courtesy registrations.
- 2. Blueprint Forum Sponsor (\$15,000):** Enjoy VIP access to the Blueprint 2025 Leadership Forum, including the invite only Welcome Dinner, with 2 courtesy registrations.
- 3. Blueprint Technology Exhibitor (\$7,500):** Demo your technology solution at the Blueprint 2025 2X Leadership Forum, with 2 courtesy registrations.
- 4. Blueprint Forum Registrant (\$995):** Participate in America's leading infrastructure Forum.

### National Infrastructure Performance Council

A council of elite executive leaders who meet quarterly and have a deep concern for the productivity and health of the U.S. market, and have a business interest in increasing domestic infrastructure investment.

### Blueprint 2025 Coalition

A coalition of leading infrastructure executives and companies who work directly with the National Infrastructure Performance Council to execute strategies and accelerate domestic infrastructure projects.

### Blueprint 2025 2X Leadership Forum

CG/LA's annual gathering of 300+ senior-level visionaries, policymakers, and infrastructure project developers focused on the Strategic 25 U.S. infrastructure projects, and key policy changes required to make those projects, and their benefits, happen fast.

Blueprint 2025 membership over the next 12 months will provide:

### Interaction

Interaction with senior policy makers, regulators, project owners and business leaders at the Blueprint 2025 2X Leadership Forum.

Advance and resolve infrastructure issues on specific projects and within specific sectors through regular interactions with the National Infrastructure Performance Council and the Blueprint 2025 Coalition.

### Insight

In-depth analysis on the current U.S. infrastructure market through our top U.S. projects report and advisory publications.

Thought leadership on the main issues for the domestic infrastructure industry and pathways to overcome them.

### Impact

A continued focus on reducing regulatory impediments, facilitate private sector investments, and spurring productive conversations on infrastructure.

Advocacy on behalf of infrastructure project owners and private sector partners to move projects forward.

### 25 Strategic Domestic Infrastructure Projects

Identification, selection, and ranking of the priority infrastructure projects in the United States through CG/LA's proprietary methodology. These projects cover the range of sectors, and have both a direct as well as an indirect impact on jobs and growth across the country (see below).

The Gateway Program

Texas Central High-Speed Rail
